## PROJECTS

- **E-commerce Website**  
A simple e-commerce website built using technologies such as NodeJS and MongoDB. Users can buy and pay for goods using this site.
- **Pharmacy Management System**  
This system is designed to manage all activities in a pharmacy. The system also provides the user with the means to purchase medicine online. The system is built using Django and MySQL.
- **Online Quiz**  
Built using MERN Stack, this system gives students an opportunity to gain more knowledge about their subjects by playing quizzes.
